Performance Notes

Included in the files sent are the MP3 sound files (s1-s11) for the "glitch sound effects".

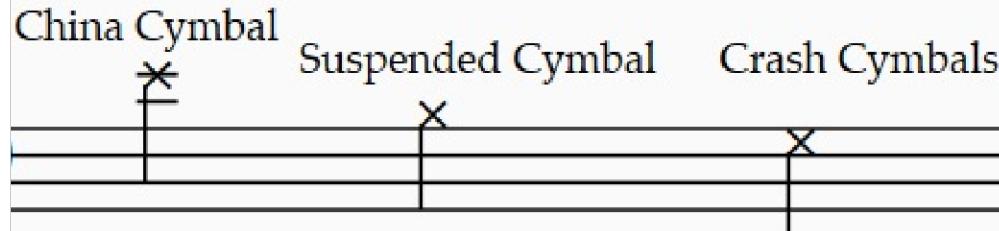

The most effective way to use these sounds is to use a soundboard on a laptop and connecting the laptop to stereo speakers.

The soundboard I would recommend using is VoiceMod - it offers a soundboard that can be custom made.

For assistance, please feel free to contact me via email at musicjacobo@yahoo.com

Low Brass 1 and 2 can be mixed and matched between Trombones and Baritones.
